The Future of Ventilation

FRONT ELEVATION

Austral Monsoon AME 100 Continuous Louvre is a single-stage fixed louvre system featuring a **seamless continuous louvre design** formed by integrated joining profiles. Designed to provide **high airflow and strong weather protection**, the unlimited width ensures consistent ventilation and visual uniformity across extended spans.

Characteristics

- Single Stage fixed aluminium louvre system
- Depth: 100mm
- Blade Pitch: 100mm
- Double rain-trap design for weather resistance
- Free Open Area: 50%
- Internal mesh options: Mesh material options:
 - Bird Mesh
 - Insect Mesh
 - Vermin Mesh
 - Security Screens
 - Fibreglass
 - Galvanised Steel
 - Stainless Steel
- Available in integrated louvred doors
- Also available in Framed / Flange Fit type

Applications

- Ideal for commercial and industrial projects requiring high airflow and weather resistance, including:
 - Car parks
 - Plant rooms
 - Cooling tower screens

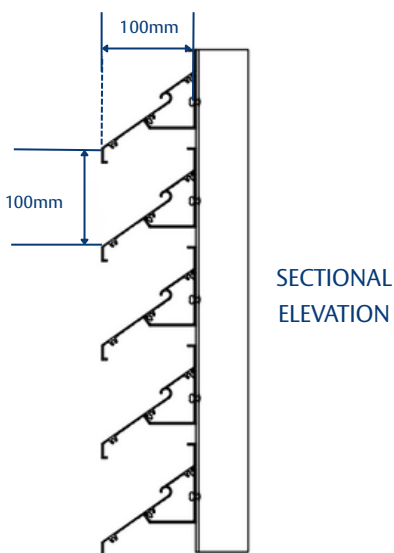

Finishing Options

- Powder Coated
 - Natural Anodised
- Other special finishes available upon request

Performance

- Engineer Certified AS/NZS 1170;
AS/NZS 1664; AS 4055; AS 4100
