

AME130W

Single Stage Fixed Louvre

**AUSTRAL
MONSOON**
ASSA ABLOY

The Future of Ventilation

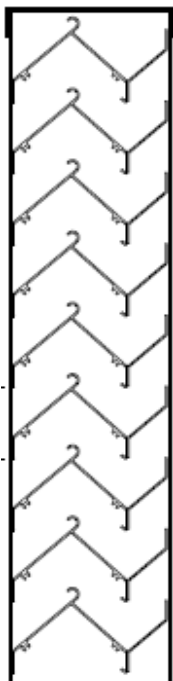

Austral Monsoon AME130W W-shaped Fixed Louvre features precision formed W profile blades engineered to maximise airflow while enhancing **weather defence and structural strength**. Designed for integration with panelling, cladding and façade systems, it delivers durable, low maintenance ventilation solutions suited to industrial, commercial and architectural environments where performance and clean lines matter.

Characteristics

- Single Stage fixed louvre system
- Material: Extruded Aluminium
- Frame Depth: 130mm
- Blade Pitch: 130mm
- Free Open Area: 50%
- Internal mesh options: Mesh material options:
 - Bird Mesh
 - Insect Mesh
 - Vermin Mesh
 - Security Screens
 - Fibreglass
 - Galvanised Steel
 - Stainless Steel

SECTIONAL
ELEVATION

Applications

- Suited to projects requiring high airflow performance combined with improved weather resistance and structural strength, including:
 - Mechanical plant rooms and rooftop screening
 - Car park ventilation walls
 - Warehouse and factory external walls
 - Electrical substation enclosures
 - Service risers and utility compounds
 - Façade screening for commercial buildings

Finishing Options

- Powder Coated
- Natural Anodised

Other special finishes available upon request
